WHO WE ARE

We Believe No One Should Walk Through Cancer Alone.

The CSM Cancer Foundation was established in 2021 with a heart to provide meaningful support to individuals and families affected by cancer.

Cancer does not only affect the body. It can impact a family's finances, emotional well-being, transportation, daily necessities and sense of hope. That's where we come in.

Our mission is to provide **financial assistance, practical support, encouragement, awareness and compassionate care** to cancer patients, survivors and caregivers.

We do not want families simply to hear that someone cares. **We want them to experience that care.**
